

MUSTANG CLUB OF TAMPA
FEBRUARY 2007 NEWSLETTER

From The Prez-

Please forgive the format of this newsletter. Our Newsletter Editor and Web guru Jeff Deaton has indicated his job requirements are devouring his time and he must give up these duties for now. Jeff has done an outstanding job with the web site and our newsletter and I hope he will be able to find the time at some point in the future to get involved again. For now, we need some help to step up and fill these responsibilities. I think these really should be two different positions and I would be happy to discuss this with any interested member. For now our newsletters may be a bit brief.

MEETING

Don't miss our meeting next Tuesday, February 27 at Bill Currie Ford., 7pm. There are quite a few shows coming up and we have a very special program for the evening. Craig Ross, one of our members, will talk and show video of his vintage road racing experiences. I'm told he has raced at Sebring, Daytona, Road Atlanta and many others. His presentation should be one of our best programs in some time. Don't miss it!

QUAKER STEAK & LUBE LUNCH

We had a nice group of about 16 for lunch two weeks ago Saturday at Quaker Steak & Lube. The food was good, the atmosphere fun, and the weather was beautiful. We also enjoyed an update on everyone's cars afterward in the parking lot. Due to a majority of our BOD's presence it was voted the club could afford to pay for the meal so all of us that showed up ate FREE!

National Mustang Racers Association Meet- Bradenton

I've just sent out an email with a small amount of information on this so please consider and get back to me asap.

NPD COLLECTION TOUR

March 17, join our caravan to Ocala to visit NPD. While there you may certainly shop for all those parts you need but we will be privileged to view the great collection of cars there. For more information see our web site. More later on our caravan.

I know I am forgetting some things but time is short so please come to our meeting for more information on spring activities and a great program this month.
